

Our Mission - Fulfilling needs at home and abroad through meaningful service opportunities.

Our Vision - Be the good for the environment and each other.

In addition to **e-CYCLING** we are the connection between those who have used medical equipment to donate, and those who need to borrow equipment for short-term use.

Our International Service program currently assists children's programming and education in the West Indies.

Why e-CYCLE at Good News Project?

BECAUSE IT'S THE RIGHT THING TO DO!

- Conserves valuable materials (aluminum, copper, plastic, steel, and precious metals)
- Protects the environment and human health
- Keeps toxic materials out of the landfills (lead, mercury, cadmium)
- 99.6% of the electronic waste is recycled!
- 100% of the proceeds support our local nonprofit – serving our communities
- Electronics are the fastest-growing part of our waste stream today
- We follow data destruction standards set by the U.S. Department of Defense
- Reduces the need for manufacturing and cuts down on greenhouse gas emissions
